

Mental Health Therapist

South Austin Counseling Services is a growing, high-end group counseling practice dedicated to providing quality mental & behavioral health services to those who are struggling with anxiety, depression, relational difficulties and other challenges. We focus on providing excellent support and training to our therapists. We specialize in helping our clients (children, teens, adults and couples) overcome panic, worry, OCD, depression, among many other emotional and/or relationship difficulties, using evidence based therapies, such as CBT, EMDR, & Child Centered Play Therapy.

We Are Hiring!

A **licensed therapist (LCSW, LMFT, PhD, PsyD)** is needed, part-time or full time (2 evenings a week and a full day-Saturdays required as a minimum). Your time will be spent in our beautiful offices overlooking Little Bear Creek in Manchaca, Texas. Perfect position for a **Licensed Professional Counselor, Marriage and Family Therapist, Clinical Social Worker or Psychologist**.

Limited availability for highly motivated, provisionally-licensed professionals earning supervised hours while under clinical supervision.

REQUIREMENTS

Our Ideal Applicant...

- Experience (or strong motivation to learn) providing evidenced based **psychotherapy**/counseling to children/teens/parents/couples or adults and a solid understanding of these methods (peer supervision provided).
- Willingness & motivation to stay on top of the latest research and evidence based methods through regular training and consultation.
- Desire to develop a career with South Austin Counseling
- Passionate about providing exceptional therapy to high functioning clients in a supportive, kind, and honest manner.

BENEFITS

Great Opportunity with South Austin Counseling...

- Excellent, motivated, and friendly clients
- Supportive, multidisciplinary, high achieving, fun, and professional team of therapists & admin staff
- Independent working environment with limited meetings and business duties
- Excellent culture and support for our mental health professional team
- Focus on therapy without any marketing tasks

- Amazingly helpful and hard working support staff
- Make positive changes and develop various programs of interest
- Regular consultation, training, and support with clinical team members & clinical director/founder of South Austin Counseling

AND we've created an environment and culture where the lion's share of your time is spent doing exactly what you love-----**THERAPY!**
